

2023 Annual Report

A LETTER FROM THE PRESIDENT, CHARLA SCHAFAER

As we reflect on the strides made in the past year, I extend my sincere gratitude to each member of our community – donors, partners, volunteers, and our team. Your support and leadership have been the driving force in furthering our mission to improve the quality of life in Muscatine County through philanthropy.

The Community Foundation of Greater Muscatine has been unwavering in our commitment to enhancing health and housing access in our initiative work. Through collaborative partnerships and innovative approaches, we have been able to continue progress on the new Mulberry Health Clinic and pioneer 3D home printing in Muscatine County. Your generosity and commitment have been the catalysts for these projects, empowering us to strengthen our communities today while inspiring our tomorrows.

We are poised to embark on new endeavors and elevate our efforts to address the evolving needs of our community. We remain steadfast in our commitment to address our county’s most pressing issues with upstream thinking. Looking ahead, we will continue to explore avenues for positive transformation guided by our values of being future-focused, bold, partnering inclusive, and rigorous.

None of this would be possible without each of you who partner with us to build on this legacy. Your support fuels our aspirations and inspires us to create a better future for our friends and neighbors.

COLLABORATING TO CREATE LASTING IMPACT

Together, we...

Broke ground on the new Mulberry Health Clinic

Pioneered 3D home printing in Muscatine

Partnered to release a children’s book about Susan Clark

Launched ‘Amplify Youth’ in West Liberty

Our donors and partners give meaningfully and generously to make this work possible.

Thank you!

Empowered local students and community leaders

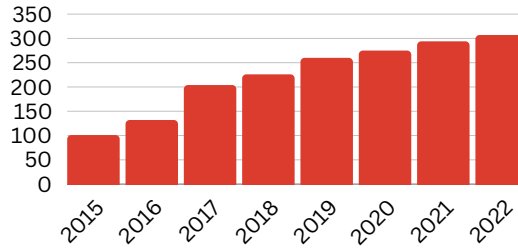

...and much more!
